Dear Hiring Committee,

I saw the job post on **Handshake** and thought I'd be a good fit for it.

I am a Master's student at the University of Cincinnati, graduating December 2026, looking for a role as a **Student Hiring Coordinator** with **UC Housing Services**. With direct experience training new hires, mentoring team members, and coordinating with stakeholders across fast paced and cross functional environments, I am excited about the opportunity to support Housing Services' student and staff hiring, onboarding, and retention processes.

Here are reasons that make me a great fit for the role:

- **Onboarding and training new employees:** As a Barista at Starbucks inside the University of Cincinnati College of Medicine, I train newly hired baristas on beverage preparation, POS operations, food safety, customer service standards, and store procedures, helping them become productive and reliable team members.

- **Supervision, development, and mentorship:** At Siemens Industry Software, I onboarded and mentored 5 junior engineers by providing guidance, documentation, and training that accelerated their transition into the team, work directly relevant to supporting staff development and retention.

- **Administrative coordination and process improvement:** I coordinated with multiple stakeholders at Siemens to improve operational processes, reducing manual work by approximately 30%, experience that translates directly to maintaining hiring spreadsheets, org charts, and SOPs.

- **Communication and responsiveness in high volume settings:** I support a high volume cafe averaging approximately $4,500 in daily sales, collaborating with 5 to 8 partners per shift and maintaining fast, accurate communication and coordination during peak periods.

- **Structured, individualized support:** As a Math Tutor, I developed personalized study plans based on each student's progress, strengthening their confidence and performance, an approach I would bring to guiding candidates through the hiring process.

I am available to work up to 20 hours a week during the academic year, with availability for up to 35 hours a week over the summer. As a Master's student at the University of Cincinnati and someone who values organization, professionalism, and supporting others' growth, I am enthusiastic about contributing to Housing Services' employee life cycle initiatives.

Please find my CV attached below. I look forward to hearing from you. I would be excited to help build a smooth, well organized hiring experience for the students and staff who keep UC Housing running.
